

LEHIGH

Regional Medical Center

June 8, 2010

Mr. Chip Swann
Gulf Coast Builders, Inc.
10821 Sunset Plaza Circle, 302
Fort Myers, FL 33908

Dear Mr. Swann,

On behalf of Lehigh Regional Medical Center, we would like to thank you and your company for an exemplary job on our window replacement project. The process from beginning to end was efficient and tasks were completed on time according to schedule. Your crew was courteous with our patients and staff ensuring a smooth operation moving room to room on each floor of the hospital. Your crew did an excellent job of taking the time to clean up their work areas each day to ensure the safety of our patients and staff.

We are not only pleased with the quality of the impact resistant products and window treatments you recommended for our project, but equally as pleased with the installations. As a contractor, you exceeded our expectations in all phases of this project.

Sincerely,

James E. Allard
Facilities Management Director
